## **CHECKING CARS AT VANCOUVER WHARVES**

---

Checking of individual cars is the responsibility of a Checker and no one else on the site, including Bulk Operators, Foreman, Labourers, etc. If you are being directed to check cars by a representative of Vancouver Wharves, contact your Shop Steward or Business Agent immediately.

This work is the responsibility of a Checker as it was before Vancouver Wharves put in the car readers. If Vancouver Wharves chooses to stop using the car readers then they can hire a CHECKER to do the work.

In solidarity,

Rob Ashton  
Business Agent
