New Wage Rate

Under the Terms of Settlement, the hourly wage rate increased by \$0.85 on April 1, 2011. The Pay Office has informed the Union that they will start paying the new rate (\$35.36 straight time base rate) as of July 1, 2011. They will then compute the money owed to everyone who worked April 1, 2011 to June 30, 2011. This retroactive cheque will be available later in July.

All other wage rates based on STBR shall be adjusted in accordance with the existing formulas in the Collective Agreement.
